Automation and Digital Trades Readiness

March 2026 | 24 pages | Audience: Employers - Educators - Students

SUMMARY

Automation does not remove trades - it changes them. We assess how ready Botswana's training programmes are for PLCs, digital maintenance and connected plant equipment.

KEY POINTS IN THIS BRIEF

- Automation exposure across current programme designs
- Digital maintenance skills employers now expect
- Where artificial intelligence changes entry-level tasks

TAGS: Automation | Digital | Readiness
